

WELCOME TO A WORLD OF WELLNESS

WELCOME to The Spa at Mandarin Oriental where tranquility and wellness co-exist and the focus is on your relaxation and rejuvenation. Blending the foundations of Asia's ancient healing philosophies with a Western application, our international team of highly trained therapists will guide you on a holistic sensory journey that will transform your body, mind and spirit.

DESIGN

THE SPA at Mandarin Oriental embraces a Shanghai 1930's design scheme that celebrates the architecture influence of this bygone era of fashion and glamour. The treatment menu influenced by the medicinal benefits of authentic Asian treatments, marries seamlessly against the rich design scheme. The treatments will reflect this foundation and enhance it with modern applications.

SUITES

ENJOY a private setting with friends or a loved one in a decadent Spa Suite. Named after Mahjong tiles, the three decadent Dragon Suites and luxurious Bamboo, Chrysanthemum, Orchid and Plum Suites consist of steam showers, two treatment tables, personal wardrobes and vanity areas for a relaxing escape. Dragon Suites also offer a deep-soaking couples' hydrotherapy tub.

Personal Experience Showers, Vitality Pools, a Steam Room and Ice Fountains all help to hydrate and relax your body. Additionally, heated Tepidarium Chairs, a Laconium Room and Sauna are the perfect places to ease muscle tension before or after treatments.

CHINESE FOOT SPA

IT IS THE HIGHEST HONOR in many Eastern cultures to treat their feet. Inspired by the foot spas of the Far East, guests will enjoy a spa treatment completely dedicated to their feet and lower legs. Guests recline in private loungers while perched above the pulsing city below. Detailed massage movements on the feet and lower legs help guests recover from long walks on Las Vegas Boulevard or from a night out dancing.

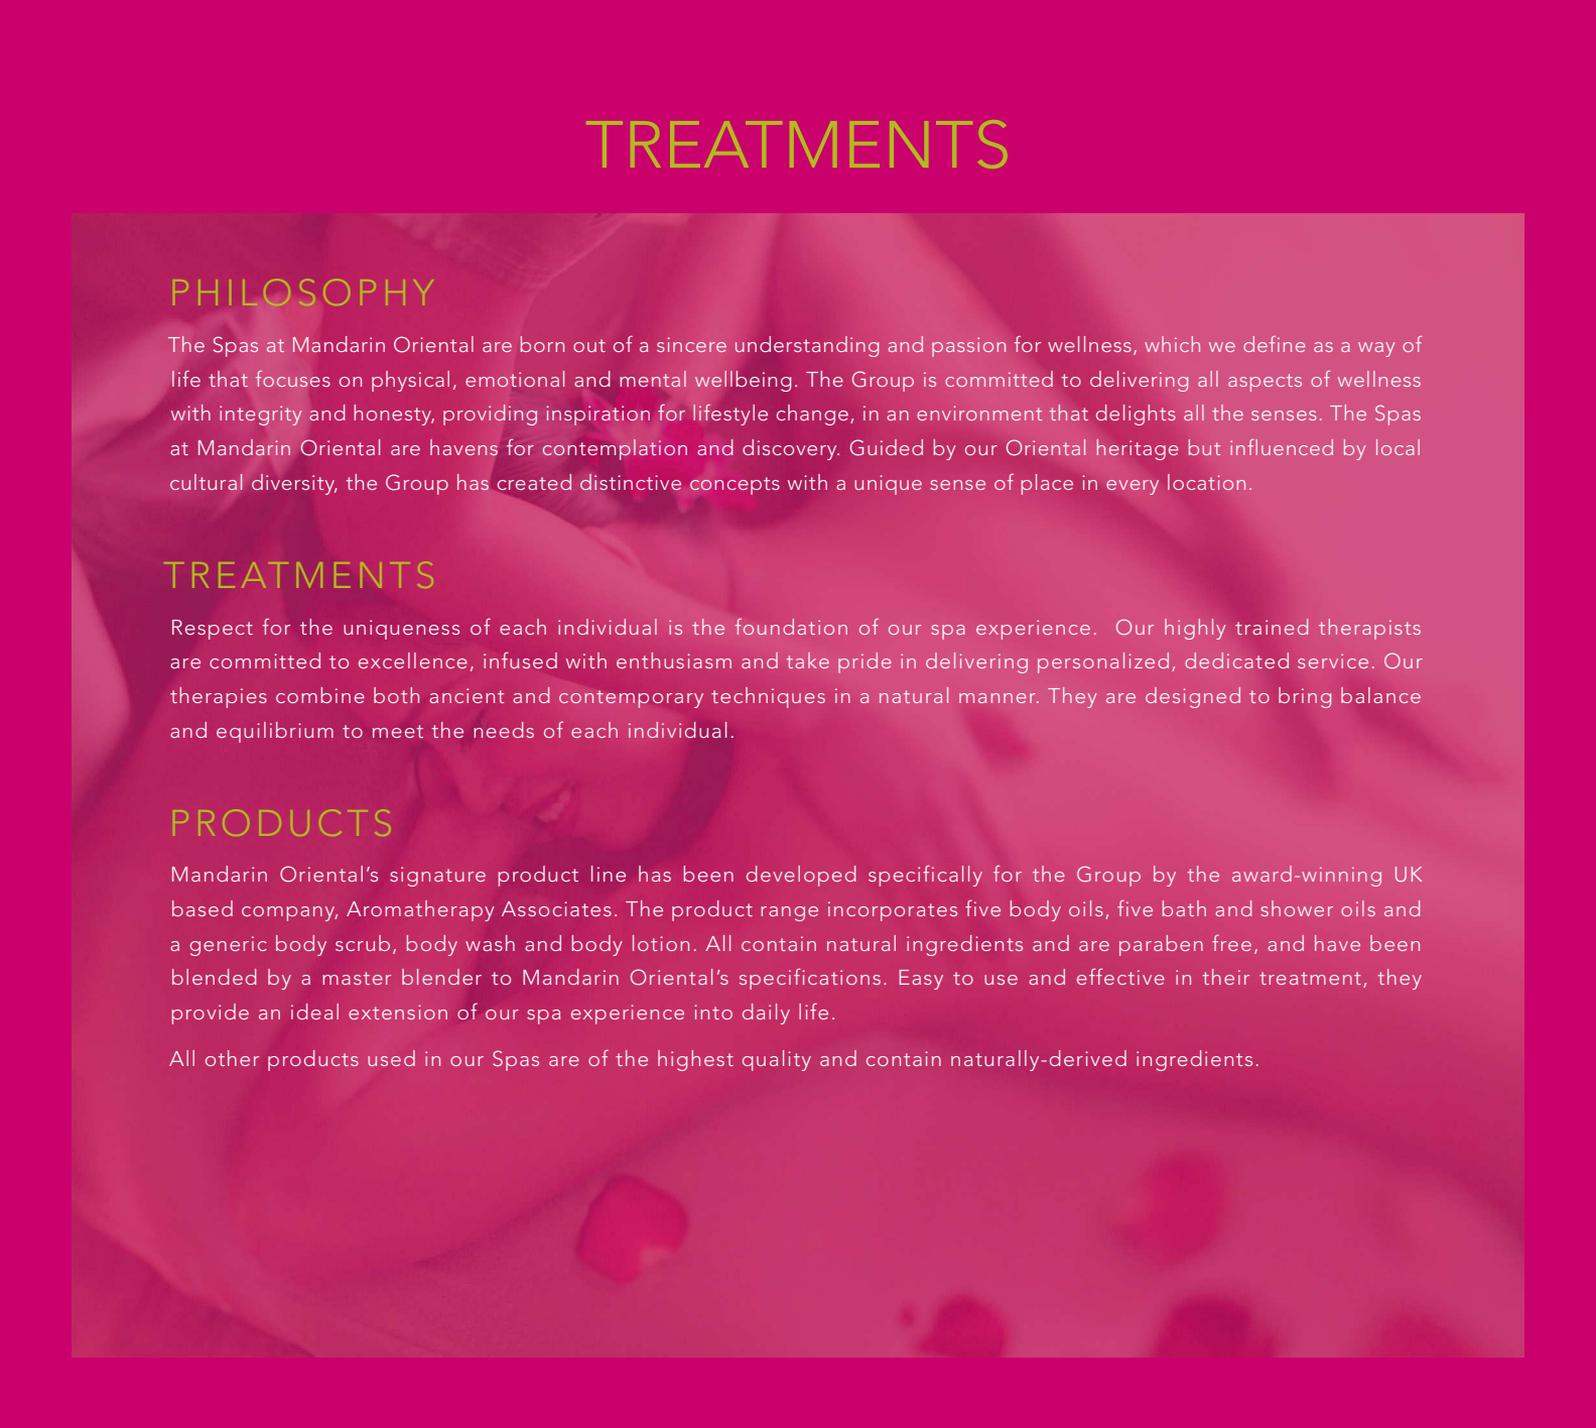

HAMMAM

FOR GUESTS wanting to enjoy The Spa experience with a group, the co-ed Hammam is the perfect place for up to eight guests to relax together. Inside the main steam chamber, guests will find a mosaic tiled room with glistening lights overhead. A therapist will provide invigorating and exfoliating body scrub treatments to all guests. Steam then fills the entire space and guests may relax privately on the bench seats that encircle the room. Two Personal Experience Showers and a comfortable dry relaxation lounge are adjacent to the Hammam, with five comfortable reclining lounge chairs to enjoy before or after the Hammam experience.

TREATMENTS

A woman is shown relaxing in a spa bath, her face partially submerged in water. The water is filled with several pink rose petals. The background is a soft, out-of-focus view of the spa environment, including a white towel and a wooden structure.

AQUA EXPERIENCES

HAMMAM

Originating in Turkey, Hammams provide places for relaxation, wellbeing and social gatherings. The intense heat warms the body slowly and continuously, stimulating sweat glands, increasing blood circulation and promoting healthy skin tone and texture.

The core of the Hammam experience is the scrub, which is performed on a heated marble massage table. The treatment begins with a kese mitt exfoliation, which removes dull surface cells. Next, your skin will be hydrated with the nourishing bubbles of olive oil soap, leaving the body feeling energized and smooth.

RHASSOUL

The Rhassoul offers a one-of-a-kind Moroccan experience designed as an ancient healing ritual. Natural mud is carefully selected and prepared in the ante-room, where guests can apply the mud to all parts of the body and the face. The guest proceeds to the heated room at 100° F. Dry heat dries the mud and allows the skin to draw out impurities from the body. After 15 to 20 minutes, aromatic steam is released, allowing the mud to be moist again. As the mud softens, its beneficial ingredients and natural minerals are absorbed by the body. A gentle rain shower signals the end of the program. Located in the women's section of the spa.
