

AYURVEDIC THERAPIES

“Ayurveda has been transmitted through generations & the World Health Organization (WHO) recognizes it as the most ancient & complete healthcare system.”

Ayurveda is an alternative medicine from India originated 5000 years ago. It is a therapeutic complementary & holistic system integrating into mainstream. It helps to understand the individual health and the cause of disease. It treats the diseases, restores the physical & emotional well-being while detoxifying & rejuvenating the body through natural, simple methods of lifestyle, regime, diet & nutrition, cleanses herbs, therapies, Yoga & Meditation.

Personal consultation with Ayurvedic doctor

30 minutes - €45

A thorough assessment of health status to identify the root cause of disease is done. Also lifestyle, diet, regime, mind-body dosha identification, pulse diagnosis, tongue-nail analysis is done. Appropriate suggestions about nutrition, herbs, cleansers & yoga are recommended.

Acute conditions of cold, cough, pains, sprains are dealt with as a part of the therapy. A standard consultation is recommended for chronic conditions. Problems related to metabolism, hormones, digestive, respiratory, circulatory, nervous, reproductive, musculo-skeletal & other systems are dealt with. Complementary therapies for autoimmune, cancer are advised.
